# HEALTH & SAFETY PRECAUTIONS

## Our Guests & Social Distancing

Reservations are strongly encouraged for dine-in service. Find us on OpenTable or call us at (608)273-3973 to make a reservation.

All guests will be seated with proper social distance between parties indoors & outdoors, in compliance with the most recent order by Dane County. Bar patrons will be asked to keep at least 2 empty bar stools between parties.

If there is a line at the host desk, we ask that guests maintain at least 6 feet of distance between other guests.

Face masks or coverings are required to be worn while entering the restaurant and while in transit to your table or the restroom. Masks may be removed when seated at a table.

A hand sanitizer station is available at the host desk for guests to utilize upon arrival and after dining.

We ask you to please cancel your reservation if you are sick or have been in contact with COVID-19 prior to dining at Bonfyre.

## Employee Procedures

Our staff will be required to submit a temperature check prior to each shift.

Our staff are required to wear a face mask at all times.

Our staff will continue to wash our hands after each guest interaction, and wear clean gloves while handling food & beverages

## Online Menus & Payments

A QR code menu is available at our host desk for guests to view our mobile version of our menus.

Laminated menus are available for those who do not have access to our mobile menus. They are sanitized after each use.

A QR code is printed on each receipt, which allows guests to pay their bill through a secure mobile website.

## Sanitization of Common Areas

Our staff has been trained to properly and thoroughly sanitize all common areas after each use; including tables, chairs, menus, check presenters, pens, door handles, etc.

A cleaning solution recommended by the EPA to kill SARS-CoV-2 will be used for these surfaces.

\*Bonfyre American Grille will update these procedures as the CDC and Dane County Health Department release new information and guidelines.
